Deconstructed Loveseat

Natural layers of wool, cotton and natural rubber add to the comfort of all our furniture.

It's only natural

We are deeply committed to making our furniture in a sustainable way, endeavouring to use as many natural materials as possible in all we make.

We never use polyurethane foams – which are full of harmful chemicals. Our furniture is more sustainable, lasts longer and is far better for the environment than much of what you can buy from other brands. We consider ethical sourcing as well as animal welfare a fundamental concern, so our down and feathers are organic by-products of the agro-food industry. They are recycled for the needs of homewares, and not a single duck or goose is ever reared, kept or raised solely for its feathers.

Crafted as future heirlooms for generations to come, all of our furniture is built using solid hardwood frames, rooted in longevity. The base of each piece is constructed with individual springs, like a high-quality mattress. Our cushions are filled with down, feather, and natural latex. Our covers are removable and washable and are all natural beautiful fabrics, chosen to meet the practicalities of everyday life.

Whether we are making sofas, beds, and mattresses, or designing for homewares and accessories, we are passionately aware of the link between how things are made, the materials used and the impact on the communities who make them. Choosing sustainable sources, and using natural materials wherever possible throughout our design process, is as important to us as respecting the tradition of craft and supporting family-run, local businesses.

We continue to look for ways to limit our carbon footprint and our impact on the environment, so we design and build our furniture with love, to last a lifetime.

To watch a video about how our furniture is made, [click here](#).

When you buy a Maker&Son sofa, you are buying an entirely natural product.

About Us

A typical sofa has a plywood frame, a simple webbing base and layers of foam padding throughout; all fixed in place with glue, staples and plastics. A sofa like this is quick and inexpensive to make, allowing the retailer to add a hefty markup.

Our furniture could not be more different – with a sustainably sourced hardwood frame (guaranteed for 30 years), a handmade sprung base, wool and cotton padding, natural latex, ethically sourced feathers, jute webbing, and stainless steel zippers. All of this is stitched together by hand with cotton thread and buttons. No chemical foam, no plastics.

We started with a simple dream: to create beautiful things from natural materials, that make a positive difference in people's lives.

As our teams and locations evolve, we remain steadfast in our commitment to this dream.

- Luxury-grade products that do not harm people or the planet.
- Made by hand by highly skilled craftspeople using natural materials.
- 30-year guarantee on our hardwood frames.
- Complimentary premium services.
- Removable, washable covers and fully customizable options.
- Flexible delivery options, including a premium White Glove Delivery service.

Our Mobile Showrooms

COMING SOON

We came up with the idea of our Mobile Showrooms to enable you to experience the amazing comfort of our furniture outside your own home. We bring a little piece of Maker&Son directly to your door. If you would like a visit when available, get in touch via inquiries@us.makerandson.com

OUR SONG RANGE

Our original and much-loved Song range features our classic Pillow Edge, providing a laid-back look ready for jumping onto or sinking into.

The furniture industry may call it an 'Oxford' border, but we've always felt that 'pillow' just suits the look better since it's unmistakably the same feeling as getting into bed in your living room. We also have a Short Pillow Edge, at $\frac{3}{4}$ inch in length – allowing a slightly more tucked-up look.

Both the Pillow and Short Pillow Edges are styles that are uniquely Song and the look that launched a thousand jumps. Thanks to our easily removable and washable base and cushion covers, you can completely change the look and feel of your room with a simple change of cover.

\$8,010

OUR MARNIE RANGE

When it came to naming a range that so visually represents joy, we had no doubt in our minds that we must call it Marnie after our infamous model.

A range that so visually represents joy, our aim was to instill that energy in this unique range. Inside, you'll find the same wonderful, natural comfort that we put into all of our furniture with cleaner lines and a bit more definition.

Marnie's Piped Edge helps to exaggerate, highlighting the beauty of the pillow shape. We love how little pops of color on the edges can completely change the look. Feel free to choose piped colors that match, colors that complement, or colors that contrast or even clash; it's really up to you. We'll always share our favorites, but with our Marnie range, we are really looking forward to seeing endless combinations.

\$8,010

OUR OTTER RANGE

Otter's Box Edge style provides for a more traditional look with clean lines and simple symmetry, while the Soft Edge covers offer a calm and contemporary look.

A contemporary, formal look is the foundation of our Otter range. Featuring a different construction to both Song and Marnie, the cushions are made with a border or sidewall to provide support and shape that give a more boxy appearance. Both the Box Edge and Soft Edge styles are filled absolutely full of all the same natural comfort to be found in every one of our pieces.

BUILD YOUR BESPOKE SIZE SOFA

Custom build your dream sofa from our 'modular' pieces. Each individual section can be made in any width, height and depth to perfectly fit your home.

The 3 above pieces would build an 'L' shaped sofa as pictured on the right. Add as many additional sections as you need; to seat the whole family.

140cm w x 105cm d x 77cm h
\$24,585

Our Fabrics

From our exceptionally soft and unbelievably durable Italian Linen to the plush depth of Velvet, all of our fabrics and their colors are timeless in their natural beauty.

Fabric and color selection can be tricky, so we are always on hand to discuss the merits of one choice over another, and of course, we will happily send you samples so you can touch, feel and visualize the impact of a certain fabric.

Some of our customers have their own material in mind for their furniture... That's no problem. We are very happy to make our sofas, chairs, and beds with the fabric of your choice.

BRITISH LINEN COTTON

Supremely tactile, you could be forgiven for not believing just how practical this fabric really is. Ideal for those seeking a relaxed, low-maintenance look, our Linen Cotton blend is easy to clean, and less prone to wrinkling.

We pre-shrink our linen cotton, making it fully washable at home.

We like to call this our perfect blend of linen (52%) and cotton (48%), two of the most durable natural fabrics in the world. When combined, they are at their complementary best, providing softness and lightness with the most beautiful elasticity and durability.

HAVE A DIFFERENT FABRIC IN MIND?

No problem. We're happy to work with any upholstery fabrics to build your dream furniture. Simply ask us about our COM (customer's own material) program.

VELVET

Sourced from a family-run Italian company, our Velvet is naturally made with cotton and has a lovely soft pile.

This fabric comes in a gorgeous range of deep, rich colours, offering a slightly more structured look with a really cosy feel. Adding a touch of glamour often means a bit more love, and this range is the only one of our fabrics that is dry clean only.

ITALIAN LINEN

Exceptionally soft and unbelievably durable, our Italian Linen is the definition of beauty and practicality. Offering a beautiful drape, our Italian Linen is a heavy weight fabric, with a large weave, showcasing linen in its most natural form.

One of the greatest features is that we pre-shrink our linens, making them fully washable at home.

We believe that furniture is designed for living, so in case of stains or accidents, simply remove and wash. We have also treated our Italian Linen for creasing (a common aspect of linen fabrics), offering you a premium quality that is perfect for furniture designed to be in your family for a lifetime.
